

MATTHEW J HICKS

Digital Imaging Technician (DIT)

CURRICULUM VITAE

ABOUT ME:

I am a Digital Imaging Technician (DIT) with almost 5 years experience in the industry. I have worked on many forms of production, including TVCs, virals, music promos, episodic TV, corporates, short and feature films.

I am familiar with most modern digital camera formats including Arri Alexa, RED EPIC/SCARLET/MX, Sony F55/F5/F3, Phantom, Canon C300, Panasonic Varicam and DSLR. I am very familiar with tapeless workflows, the latest dailies/grading/post-processing software including Assimilate Scratch, Redcine-X Pro, DaVinci Resolve and Apple Color, checksum verified offload software such as ShotPut Pro and R3D/Alexa Data Manager, as well as transcoding software such as Apple Compressor and MPEG Streamclip.

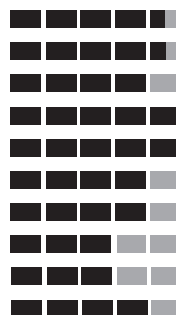

I have extensive experience data wrangling footage, quality control and transcoding on set to all popular formats. I keep up to date with the newest camera technology and am able to provide full support to the camera department from a software and system standpoint. I am

also a proficient editor in Final Cut Pro and have a working knowledge of both Avid Media Composer and Adobe Premiere Pro.

I pride myself on impeccable diligence and attention to detail. With a background in I.T. support, I also have a technical knowledge of computer systems that provides an excellent foundation for digital camera systems as well as post workflows.

PROGRAMS:

Assimilate Scratch
Redcine-X Pro
DaVinci Resolve
R3D/Alexa Data Manager
Shotput Pro
Final Cut Studio
Adobe Creative Suite
Avid Media Composer
LightWave 3D
Microsoft Office

KIT:

I own a MacBook Pro 17" laptop for performing on-set data wrangling and footage quality control. For larger scale jobs, I am able to provide a full on-set trolley/Mac Pro based system for transcodes to every popular video format.
